## 'ROUND ABOUT.

Manuel Molina seems at home in

his new building.

Dist. Atty Way is said to have

made a trip to Nogales.

S. S. Gillespie of the S. P. Hotel

went to Los Angeles Sunday.

Chas. Baker made a trip to Los

Angeles Tuesday on business.

Capt. Joe Godfrey is putting a

shingle roof on his residence.

Capt. Frank Ingalls is rigging

up new quarters in West Yuma.

just below the old Quartermaster's

buildings.

Freedom Near moved into his

new quarters in M. Molina's new

building Wednesday. He has a

pretty saloon.

Hon. C. H. Brinley returned

from Phoenix Sunday. The Re-

publican says that he made a stir-

ring speech before the Harrison

Club at that place, after which the

Club gave him a vote of thanks.

Capt. Meeden's Yuma Exchange

not buried nor dead. Still on the

turf with the best assortment of

the finest liquors in town. Good

music. Plays and games. Open

day and night. Come and see us.

Better than before the flood.

John Stoffello's store, near the

Court House. Best place in town

to buy the choicest fruits, candies,

groceries and fancy goods. Come

and try the best place of all.

Nearest the Court House, which

means justice to all. Last but not

least, Johnnie Ghiote has opened

his new store, where he keeps just

what you want, on Madison avenue,

near the Court House. Go and

see him.

Custodio Ramirez's new meat

market, near the Court House, has

the choicest and best beef in town.

Steaks, roasts, and fine cuts for the

oven, table or for soups. Go, see

and try the best market in the

city.

Let's go and see George. Say,

miners and farmers, what George?

Why, George Thurlow of course,

he at the U. S. Exchange near the

Court House. Try him. Get some

of those nice cherries in imported

whisky.

Isaac Rudisill, Supt. of the Mo-

hawk Canal Company, was in town

Monday from the Mohawk Valley.

Supt. Rudisill has finished his an-

nuual report and will leave for San

Francisco in a few days to place it

before the Board of Directors. His

family will accompany him.

What a grand future is before

this country. There is no chance

to doubt it now, and even the old

chronic kickers have been forced to

admit that the coming time is

## Yuma's Coming Railroad.

SAN DIEGO, April 17.—The wires

say: There is great rejoicing in this

city tonight. San Diego has by its

Common Council unanimously passed

its peninsular railroad bill, which in-

sure the building of a first-class

standard gauge railroad from San

Diego at least 300 miles southward

and to Yuma, which gives to San

Diego the most important of all possi-

ble acquisitions for her commercial

supremacy. Contracts have already

been let for grading and laying of

forty-five miles of the road north-

ward from San Quintin towards

Yuma, and locomotives and 3000 tons

of rails are now on the way consigned

to the latter place and San Diego for

building the road southward from this

point. Work will commence im-

mediately and be pushed to a rapid

completion. San Diego has closed a

contract by which it gains control of

the water system for twenty years,

thus insuring cheap and abundant

water.

The above means business and

much for Yuma. We only hope that

the windy papers that every time they

refer to the Peninsula Railway Com-

pany talk of "wind," will now haul in

their sails. Yuma will be benefitted

by this new line, as it will cross 105

miles of her best back country and

give her a new line to San Diego and

to the Pacific at San Quintin, two of

the best buys on that coast. It also

insures the rapid settlement of the

great valley of the Colorado, the

opening up of the great pine forests of

San Pedro Martir, which will supply

Yuma with cheap lumber and timber,

and the development of the rich min-

eral resources of the Gulf coast of the

Peninsula, the trade of which all be-

longs to Yuma, and which she will

get, provided her business men put

themselves into shape to control it.

For Over Fifty Years.

Mrs. Winslow's Soothing Syrup has

been used for fifty years by millions

of mothers for their children while

teething, with perfect success. It

soothes the child, softens the gums,

allays all pain, cures wind colic, and

is the best remedy for diarrhoea. It

will relieve the poor little sufferer im-

mediately. Sold by druggists in every

part of the world. Twenty-five cents

a bottle. Be sure and ask for "Mrs.

Winslow's Soothing Syrup," and take

no other.

The El Paso Herald says: "The

Chihuahua, Sonora and Sinaloa

railroad, has been surveyed and

will lack a few miles of being

1,300 miles long. The road from

Chihuahua west will join the road

running south from Deming at

Guerrero and then strike the

The New Discovery.

You have heard your friends and neighbors

talking about it. You may yourself

be one of the many who know from personal

experience just how good a thing it is.

If you have ever tried it, you are one of

its staunch friends, because the wonderful

thing it is, that when once given a trial,

Dr. King's New Discovery ever after holds

a place in the house. If you have never

used it and should be afflicted with a cough

or cold or any Throat, Lung or Chest trouble,

secure a bottle at once and give it a fair

trial. It is guaranteed every time or money

refunded. Trial bottles free at W. T.

Gander & Co. Drugstore.

Below Yuma and near the Colo-

rado River there are hundreds of

thousands of tons of the purest

salt, the finest white sand, and

every thing necessary for the

manufacture of the very best glass

and glassware. Soda, borax and

nitre also abound in quantities.

Who can tell of the future possi-

bilities of the great valley of the

Colorado.

Consumption Cured.

An old physician, retired from practice,

having had placed in his hands by an East

India missionary the formula of a simple

vegetable remedy for the speedy and per-

manent cure of Consumption, Bronchitis,

Catarrh, Asthma and all throat and Lung

Affections, also a positive and radical cure

for Nervous Debility and all Nervous Com-

plaints, after having tested its wonderful

curative powers in thousands of cases, has

felt it his duty to make it known to his

suffering fellows. Actuated by this motive

and a desire to relieve human suffering, I

## Yuma County Miners.

Good news comes from Harqua

Hala where work is being pressed

forward with much energy. A. G.

Hubbard is busy attending to the

delivery of the machinery for the

Bonanza mill which is being for-

warded by 10, 14 and 16 mule

teams. Workmen are driving the

work ahead as fast as it can be

done. The great Gold mill will

soon be ready to run. Parties are

gathering samples of refractory ores

in order to have them practically

tested. Bloomer and Morris are

making their assays pay and will
